CLEANSE, HYDRATE & NOURISH

CLEANSE

Apply 8-10 pumps of Cleansing Oil into palm of hand.

Liberally massage onto clean, dry face and neck.

Apply a warm (not scalding) washcloth to face and let cool. Rinse and repeat.

Gently wipe face and neck with the washcloth to remove excess oil and provide a light exfoliation.

Your skin will thank you.

**HYDRATE & NOURISH**  
Mist 3-4 pumps of hydrating tonic onto cleansed skin.

Rub serum between fingertips before applying to face.

As an evening treatment, start with 1-2 pumps of serum on fingertips. Add more if you like more moisture, typically twice as much as day use.

OR make fresh lotion: Mist 3-4 pumps of hydrating tonic in the palm of your hand and add one pump of serum. Rub hands together and apply to skin.

Hydrating Mist with Serum (combined)

Add a few more drops for eye, neck and décolleté areas.

Done! Your skin will thank you and you'll wake up soft and hydrated.
